

BOREAS

Become an Industry Sponsor

The generous support of partners like you enables Boreas to turn our vision into reality. Whether through expertise, resources, in-kind contributions, or financial investment (cash contribution should represent roughly half the value of an in-kind contribution), every form of support is essential to our success.

Becoming an industry sponsor not only supports us as a team, but also gives you access to a network of highly motivated students and industry partners. By supporting our project, you are also contributing to Switzerland's landscape of innovation and collaboration. By working more closely together, we believe we can create a win-win situation for both partners.
